CURRENT THINK FUTURE

Leading solutions in process instrumentation, gas detection, and IoT wireless monitoring—built to empower industries worldwide.

BLUESEN

HUMAS

Online Amperometric and DPD Free/Total Chlorine | Turbidity | pH | Conductivity and Multivariable Analyzers

In-Situ

ChemScan
An In-Situ Brand

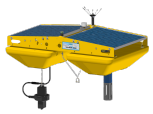
Industrial-Grade Online Analyzers | Immersion Sensors - pH, Level, TSS, Algae | Portable Monitors

Palintest

Benchtop and Portable Chemical Analysis and Test Kits

WIZARD
Mobile and fixed algae control solutions by Canada Company

HBS™ HYDRO BIOSCIENCE



Ultrasonic Remediation of Green/Blue-Green Algae in Clarifiers, Ponds, and Reservoirs | No Chemicals

Alta Solutions

Portable and Rack-Mount Condition/Vibration Monitoring Systems | Diagnostic Software

METRIX

Vibration and Proximity Sensors Transmitters | Signal Conditioners

MUNICIPAL and INDUSTRIAL WATER and WASTEWATER

VIBRATION MONITORING

Acromag
THE LEADER IN INDUSTRIAL I/O

Signal Conditioning
Embedded I/O Solutions

TEKTROL
Technology Solutions

Flow, Level, Temperature and Pressure
Measurement Instrumentation

Honeywell

Toxic and Combustible Gas
Detection Flame Detection

GRACO
Trabon Manzel

Diaphragm Pumps
Automatic Grease and Oil Lubrication Systems

RKI INSTRUMENTS

Fixed and Portable Gas detection

Intuicom eze io
ELPRO Technologies

Ethernet/Serial and I/O Wireless | Cellular
Industrial Radios and Telemetry/SCADA

CONTROLS, INSTRUMENTATION, DATA and TELEMETRY
